The Young Turks' Crime Against Humanity: The Armenian Genocide and Ethnic Cleansing in the Ottoman Empire

by Dr. Taner Akçam

"Dr. Taner Akçam's newest book on the Armenian genocide is based on stunning documentation from the Ottoman Turkish archives. Arguing that the annihilation of the Armenians (and the

ethnic cleansing of the Ottoman Greeks) was based primarily on the Young Turks' commitment to demographic engineering, Akçam also explores the forced conversion and assimilation of Armenian children and the seizure of Armenian property. The book stands as powerful testimony to those who perished and as an unimpeachable rebuttal to denial."- Norman M. Naimark, author of *Stalin's Genocides*.
