College Connect is an event that aims to “connect” freshmen, sophomore, and new transfer students to the college that houses their major of interest. During the event faculty, advisors, current students, and alumni will be available to help students discover what their college has to offer. Students can explore major, minor, and certificate options and learn about study abroad opportunities, student organizations, and internships. By participating in College Connect students can begin to build relationships and develop a sense of belonging within their college community.
